

CONSENT FOR HALCION / CLONIDINE PRE-MEDICATION

You have agreed to take Halcion (Triazolam) or Clonidine 90 minutes prior to procedure maintaining the following instructions:

1. You must have a responsible adult drive you to and from the appointment. You will not be able to drive or operate machinery the remainder of the day.
2. You may have a light meal prior to surgery if not having IV sedation or General Anesthesia.
3. You should plan on resting quietly for the remainder of the day of your surgery.
4. You should be aware that quick changes in position, such as from sitting to standing, can cause dizziness. Best to do so in deliberate, slower steps until medicine has worn off.

All questions regarding this consent have been answered fully and to my satisfaction. I certify that I speak, read and write English.
